

BETTER PERFORMANCE
FROM BETTER SCIENCE

BLACK HAWK PUTTERS CONFORM
TO THE USGA RULES OF GOLF
USGA DECISION 2011-145

Finally.. A Better Putter

Since Old Tom Morris, Golfers have wanted a Better Putter.

Problem is, the Putter Designs hardly improved at all.

In the Nineteenth Century, Old Tom designed a forged iron blade.

In the 1920's, Bobby Jones' Calamity Jane was not much better.

In 1960, Jack Nicklaus' Iron-Master was barely an improvement.

The Investment Cast Ping Anser came along, and nudged the bar..

In 1986, Jack's Response ZT was still only a few percent better.

Since 1986, putters haven't improved all that much.

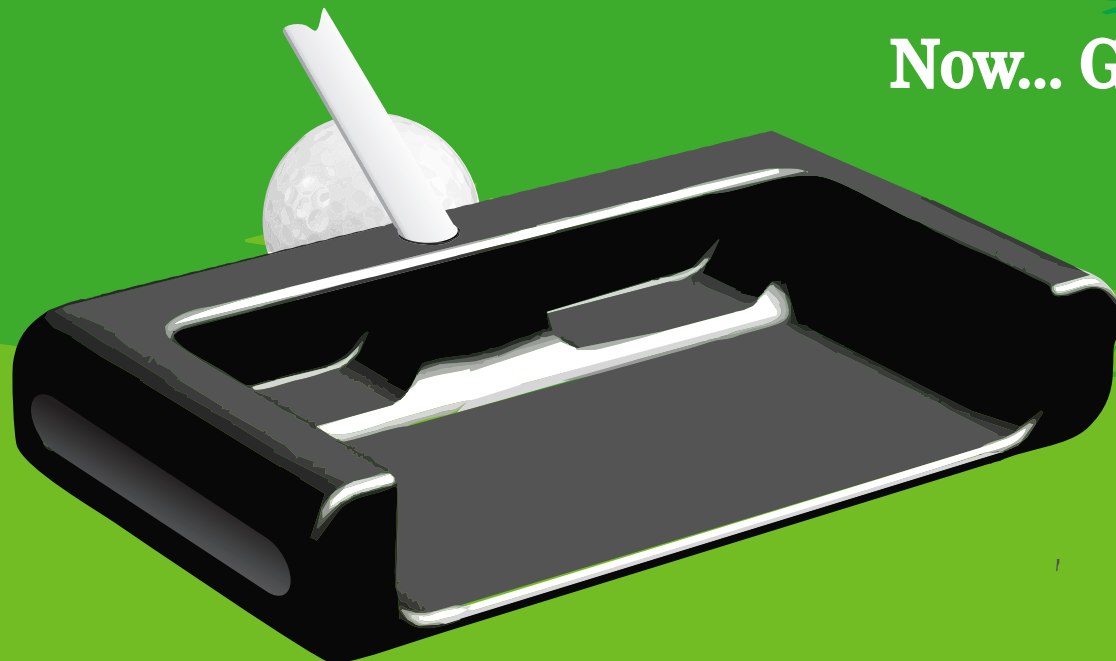

Now.. Get Ready for a Real Shock. Putt with the Black Hawk..

Whatever You were Putting with Before..

Will seem Ridiculously Obsolete.

Enjoy Putting. Finally.

CUSTOM FIT & SOLD
ONLY BY PGA PROS

PUTTERHEAD SHOWN LIGHTER IN COLOR THAN
ACTUAL MATTE BLACK, FOR IMAGE CLARITY

BLACK HAWK
440G, 21 KG-CM2 MOI PERFECT GEOMETRY
