The Real 3-Ball Putter

The Number One Putter Company in Golf has quite a reputation.
Lots of fancy designs. Lots of different Models.
No Balls. One Ball. Two Balls. Three Balls.
Makes you wonder? Are they all about the same?
In other words, they must all be about equal in performance...
Otherwise why make so many?

We'll tell you why. They're still searching for the 'Holy Grail'.
Even the name says they're (taking you?) on a Long Painful Quest.
As much as we admire the character Odysseus, the Quest is Over.
Announcing the World's First Real Three Ball Putter.
With a Huge Sweet-Spot... Three-Balls-Wide.
Try it for yourself.
